## Summary

Highly motivated and skilled Java Developer passionate about building robust and scalable applications. Experienced in object-oriented programming and web application development. Seeking to leverage Java programming and web development to contribute to a dynamic development team.

## Professional Experience

### Software Engineer

August 2023–Present

eGovernments Foundation, Bangalore

- Played a significant role in enhancing the mGramSeva application, a cornerstone of the DIGIT DPG pilot program in Punjab. Our mission was clear: to optimize water distribution in rural landscapes. I embarked on this journey by resolving critical bugs, ensuring the application's seamless functionality.
- Debugged software applications to identify and fix errors.

### Software Engineer Intern

April 2022–July 2023

eGovernments Foundation, Bangalore

- Utilized object-oriented design principles to develop high-quality software applications.
- Collaborated seamlessly with diverse cross-functional teams to gather requirements, craft innovative designs, and execute feature-rich solutions, fostering a cohesive and productive work environment.
- Maintained and updated existing software applications to ensure they stayed up to date with changing technology.
- Built and deployed Jenkins Jobs for deploying Docker Images
- Boosted software performance through strategic code optimization, resulting in enhanced efficiency and a smoother end-user experience.
- Contributed to the development and enhancement of existing applications, improving overall user experience.

## Certifications and Projects

- Certificates: [Learning Java](#) , [Java\(Basic\)](#), [Introduction to Data Structure In Java](#), [SQL\(Basic\)](#), [Git Tutorial](#)
- Projects: [Employee Management](#), [Portfolio](#)

## Education

### Bachelor of Engineering in Computer Science

Aug 2019- July 2023

CGPA 9.79/10

Chitkara University, Punjab, India

## Skills

- Technology: Core Java , SQL , Database , Data Structures , OOPs , Maven , Spring Boot , Rest APIs
- Tools: Postman , JIRA , Git and Github , Jenkins , Spring Tool Suite , Postgres
